Free-Standing Portable Ballet Bars

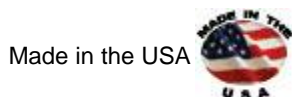

Free Standing Ballet Barre

The Portable Ballet Bar System has a bar on each side, allowing for completely independent height adjustment so dancers on either side can set the bar to their preferred height. This is a strong, sturdy, durable and easily adjustable portable ballet bar. It assembles and disassembles without tools very quickly and can be transported in even a small car. Ideal for home or studio.

- Two independently adjustable bars, one on each side
- Bar is made of hand sanded, unfinished, Poplar wood with a 1-7/8" diameter
- Frame is made of chrome-plated steel
- Available in 3 bar lengths (4', 6' or 8')
- Frame height: 41"
- Each bar height adjustable from 30" to 44"
- Cross stabilizer bars for increased sturdiness (reduces wobble)
- Weight: Approx. 29 lbs. (4' length); 36 lbs. (6' length); 38 lbs. (8' length)
- In stock
- [Assembly and Operation Instructions for Free Standing Ballet Barre](#)

We also offer maple or oak bars and 10', 14' and 16' bar lengths. Please [request a quote](#).

Free Standing / Portable Ballet Bar (frame with two bars):

4' - \$259.99

6' - \$299.99

8' - \$329.99

(includes ground shipping within the continental USA)

Wall Mounted Ballet Bars

Wall-Mounted Ballet Barres

The Wall Mounted Ballet Bars attach to a wall and come as either height adjustable or non-adjustable (fixed). Ideal for home or studio.

- Bar is made of hand sanded, unfinished, Poplar wood with a 1-7/8" diameter
- Bar extends 9" from the wall
- Adjustable bar brackets have 14" vertical adjustment range
- Available in 3 bar lengths
 - 4' bar - comes with 2 brackets, 32" apart
 - 6' bar - comes with 2 brackets, 48" apart
 - 8' bar - comes with 2 brackets, 64" apart
- Brackets are always separated by multiples of 16" to allow the mounting of every bracket directly into a wall stud
- Double adjustable bars come with one set of wall mounted brackets and two bars with associated mounting hardware. Both bars mount onto the same wall mounted brackets. Maximum vertical spacing between the two bars is approx. 13".
- Includes all mounting hardware in chrome-plated steel
- In stock

(includes ground shipping within the continental USA)

Multi-Use Parallel Bars (Single Bar, Parallel Bar & Ballet Bar)

The ParalleTT Bar is ideal for both male and female athletes for use on the floor or wall. It is a 54" long bar that sits securely 4 1/2" off the floor and is a valuable training aid for gymnasts of all levels. Increase confidence, physical strength, and balance for single bar, high bar, or uneven bar workouts. Now you can practice pirouettes, press handstands and much more in the gym, studio, or in the privacy of your home. The flexible wood core reinforced bar provides the same feel and resilience of competitive equipment. Purchase two and create a parallel bar station.

Included free with each ParalleTT Bar are two wall mount brackets for added versatility. In seconds, the bar can be taken from the floor and positioned on the wall to provide additional benefits. The bar's weight capacity of 350 pounds allows athletes to use it for various elements of strength, flexibility and dance training.

- 54" long bar sits securely 4 1/2" off floor.
- Reinforced PVC bar "flexes" like competitive equipment.
- 350 lb. weight capacity.
- No assembly required for floor use.
- FREE wall mount brackets permit use as a pull-up or ballet bar.
- Purchase two and create a parallel bar station.
- Please allow 2-3 days for this item to ship out.

Also available is our selection of [ballet bars](#)

Single ParalleTT Bar - \$109.95
(includes ground shipping within the continental USA)

Set of Two ParalleTT Bars - \$209.95
(includes ground shipping within the continental USA)

Mylar Mirror - Dance Mirror

Mylar Mirror

Mylar dance mirrors are made of a super reflective, non-glass, shatter proof material (just like that in the Hubble Space Telescope) that provides excellent image quality. These glassless mirrors are made from metallized mirrored mylar plastic film. They give a brighter, sharper reflection than plate glass, with no ghost images. Our popular 4' X 8' vertical mirror, with stacking wheels, weighs only twelve pounds! Best of all, our dance mirrors won't shatter, making them much safer than glass. It's the perfect ballerina mirror.

NOTE: Because mylar mirrors are sensitive to touch, adult supervision is advised when children are present.

- Available in three styles: Panel only with no wheels, vertical panel on rolling wheels, or horizontal panel on rolling wheels.
- Panel thickness: 1.25"
- Panels come with two mounting devices: (a) one set of 4 self-adhering foam pads and (b) two aluminum mounting L-brackets, each about 12" long, attached on the long sides of the mirror.
- Please allow 3-4 weeks for production and delivery.
- [Horizontal Mylar Mirror Assembly Instructions](#)
- [Vertical Mylar Mirror Assembly Instructions](#)

Made in the USA

A custom shipping quote is required for the following items due to their large size. Please allow approx. 5-6 weeks for production and delivery.

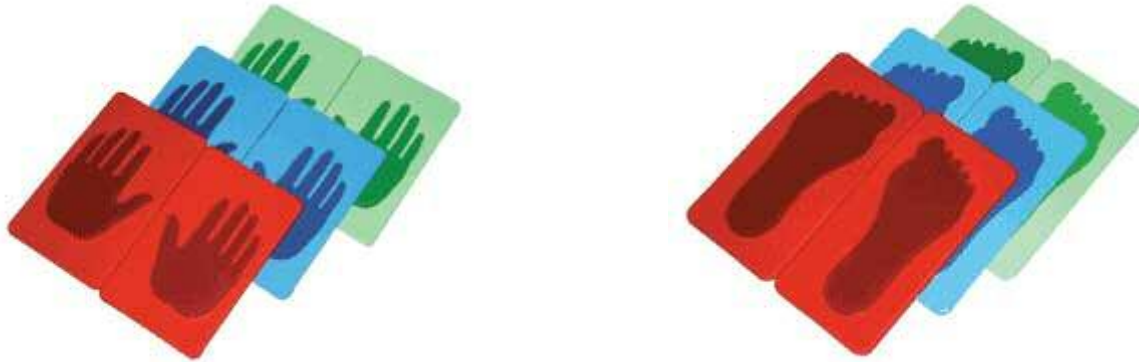

Size	Panel Only	Vertical Rolling	Horizontal Rolling
2'x6'	\$339	\$449	Not Offered
2'x8'	\$369	\$479	Not Offered
3'x6'	\$389	\$499	Not Offered
3'x8'	\$399	\$519	Not Offered
4'x6'	\$419	\$529	\$569
4'x8'	\$449	\$569	\$599
5'x6'	\$459	\$579	\$609
5'x8'	\$489	\$609	\$639

Note: Prices shown **DO NOT** include shipping costs. A shipping quote is required.

Also available is our protective plastic mirror cover to ensure your mirror does not get damaged while not in use. The cover is made of semi-clear plastic that is form fitting and NOT puncture resistant. Slips over the mirror, and is therefore intended for use with vertical and horizontal rolling mirrors or stand-alone panels that are not mounted on a wall.

Price: \$22.00 each (must specify type and size of mirror).

Hand and Foot Position Mats

These colorful, two-tone, rubberized vinyl hand and foot prints can be used as the basis for activities that focus concentration, encourage persistence and hone directional orientation. Commonly used as a teaching tool for gymnastics, dance, theater, or other disciplines requiring accurate foot or hand placement. The poly pads are tough, non-toxic and not painted or coated; colors are permanently set during the molding process.

Hand Prints: 6" x 9.5" - (Set of twelve - 6 right and 6 left - 7 lbs)

Foot Prints: 4.5" x 9.5" - (Set of twelve - 6 right and 6 left - 7 lbs)

All prices include ground shipping within the continental USA.

Set of twelve hands (6 right, 6 left) - \$49

Set of twelve feet (6 right, 6 left) - \$49

(includes ground shipping within the continental USA)

Target and Arrow Pads

These colorful, two-tone, rubberized vinyl target hot spots and directional arrows can be used as the basis for activities that focus concentration, require landing markers for leaps, and hone directional orientation. Commonly used as a teaching tool for gymnastics, dance, theater, or other disciplines requiring directional or location indicators. The poly pads are tough, non-toxic and not painted or coated; colors are permanently set during the molding process. Arrows are colored yellow on one side and blue on the other side.

Set of 12 - Target Hot Spots: 10" diameter (color: yellow with red)

Set of 12 - Large Straight Arrows

Set of 12 - Large 90° Arrows

All prices include ground shipping within the continental USA.

Set of 12 Target Hot Spots - \$49.99

Set of 12 Straight Arrows - \$49.99

Set of 12 90° Arrows - \$49.99

(includes ground shipping within the continental USA)

Rosin Box

Rosin Box

Throw away that old cardboard shoe box! Our rosin box is a 1-foot square shallow wooden box with rounded edging all around for a user-friendly in and out. Either step into the rosin box before stepping onto your vinyl dance floor, or simply sprinkle some rosin over the floor. The rosin helps to give you more traction and prevent slipping on the floor.

- Low profile - won't tip over!
- Size:
 - Outside dimensions: approx. 11"x11"
 - Inside dimensions: approx. 9"x9"
- Weight: Approx. 1 lb.
- A half-pound bag of rosin fills the box.
