Anti Fatigue Mats

Fatigue Saver

- Durable, vinyl sponge.
- Easy to cut.
- Economical.
- Beveled edges.
- Cushioned surface.
- 1/4" or 3/8" thickness.

Safety Fatigue Saver

- Durable safety mat with yellow borders for safety.
- Cushioned surface.
- Beveled safety edges.
- 3/8" thickness.

Supreme Fatigue Saver

- Durable, vinyl sponge.
- Increased comfort.
- Improves worker morale and productivity.
- Beveled edges.
- 5/8" thickness.

Ergo-Flex

- Next generation foam.
- Extended performance.
- Unparalleled resilience.
- For heavy duty jobs.
- 3/8" or 1/2" thickness.
- Optional yellow borders.

Marble Fatigue Saver

- Rubber top surface.
- Marbleized look.
- Tapered edges.
- Great for salons and pharmacy floors.
- 1/2" thickness.

K-Marble Fatigue Saver

- PVC (Vinyl) top surface.
- Marbleized look.
- Tapered edges.
- Great for salons and pharmacy floors.
- 1/2" thickness.

Invigorator

- For Auto/Industrial cells.
- No delamination.
- Wide rib PVC surface.
- Easy to clean.
- 1/2" thickness.
- Optional yellow borders.

Armor Fatigue

- For Auto/Industrial cells.
- Multi-layered, PVC foam.
- Resists moisture.
- No delamination.
- Beveled edges.
- 1/2" thickness.

Stand-N-Weld

- Welding/grinding cells.
- Extreme non-slip top.
- Nitrile rubber surface.
- Repels sparks
- Sponge rubber base.
- 5/8" thickness.

WeldMaster

- Welding/grinding cells.
- Nitrile rubber surface.
- Repels sparks.
- High tear resistance.
- PVC foam base.
- 1/2" thickness.

Please see next page for more information and pricing...

Diamond Fatigue

- Non-skid surface.
- Diamond plate pattern.
- Non-flammable.
- Chemical resistant.
- Resilient sponge base.
- 9/16" thickness.

Diamond Safety Fatigue

- Durable safety mat with yellow borders.
- Diamond plate pattern.
- Non-flammable, non-skid.
- Chemical resistant.
- 9/16" thickness.

Supreme Diamond Fatigue

- Ergonomic design.
- Diamond plate pattern.
- Non-flammable.
- Non-skid surface.
- 11/16" thickness.

Supreme Diamond Safety Fatigue

- Durable safety mat with yellow borders.
- Diamond plate pattern.
- Ergonomic design.
- Non-skid surface.
- 11/16" thickness.

Ultimate Diamond Fatigue

- Ergonomic design.
- Diamond plate pattern.
- Non-flammable.
- Non-skid surface.
- 15/16" thickness.

Ultimate Diamond Safety Fatigue

- Durable safety mat with yellow borders or chevrons.
- Diamond plate pattern.
- Ergonomic design.
- Non-skid surface.
- 15/16" thickness.

Bubble Flex

- Bubble design for cushion.
- Grease & oil resistant.
- 100% rubber mat.
- 1/2" thickness.

Cushion Foot

- Modular, expand mat size.
- Waffle back for cushion.
- Diamond pattern.
- Grease & oil resistant.
- 100% rubber mat.
- 1/2" thickness.

Please see next page for more information and pricing...

Tru-Tread

- Wet, greasy, dry areas.
- Non-skid surface.
- Non-flammable.
- Chemical resistant.
- Resilient sponge base.
- 7/8" thickness.

Safety Tru-Tread

- Durable safety mat with colored borders.
- Wet, greasy, dry areas.
- Heavy duty usage.
- Elevated construction.
- 7/8" thickness.

Kneeling Pad Mat

- Save your knees from hard surfaces.
- Built-in carrying handle.
- Reduces knee pain.

Supreme SlipTech Fatigue

- Aggressive rubberized top surface.
- Unique pyramid pattern.
- Increased traction.
- 11/16" thickness.

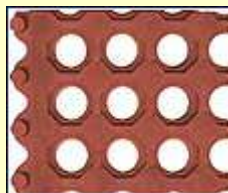

Anti-Fatigue Anti-Static Mats

See our antistatic conductive mats most of which provide anti-fatigue benefits through a static dissipative foam.

1/4" ANTI-FATIGUE MAT

Ergonomic Anti-Fatigue Matting

- Ergonomically styled anti-fatigue matting designed to provide comfort and relief for aching feet and legs.
- Great for light to moderate standing environments - Provides comfortable cushioned surface to stand or walk on.
- Economical solution for improving workers comfort and productivity.
- 100% closed-cell PVC foam.
- Beveled edges for increased safety (note: custom cut sizes beveled on long sides only)
- Recommended for dry to moist environments.
- Material can easily be cut to fit any work area as needed.
- Thickness: 1/4".
- Available in standard embossing (long, shallow ridges) or pebble embossing (random pebble pattern).

Made in the USA

Also available is the identical mat in [3/8" thickness](#) or [5/8" thickness](#).

Please see next page for more information and pricing...

ERGO-FLEX ANTI FATIGUE MAT

Ergo-Flex Anti Fatigue Mat

- A special formulated foam with an enhanced cell structure provides unparalleled resilience and cushioning for ultimate work comfort.
- Closed cell PVC foam formulation is extra tough for long lasting performance.
- The next generation foam technology that outlasts traditional foam matting products three to one.
- Designed and manufactured to accommodate the most demanding work environments.
- Handles most common fluids and stays buoyant even at low temperatures.
- Aggressive pebble-embossed surface enhances traction and durability.
- Beveled edges reduce tripping.
- Ergo-Flex comes with a 3 year limited warranty.
- Acts as a shock absorber for fallen tools.
- Available in Solid Black or Black with Yellow Safety Border (OSHA compliant).

Made in the USA

MARBLE FATIGUE MAT - RUBBER TOP

CLICK FOR LARGER IMAGE

THICKNESS: 1/2"

Marble Anti-Fatigue Matting (Marble Step) With Rubber Top

- Marbleized rubber surface bonded with our "No Glue Bond" technology to a 3/8" closed cell PVC sponge base.
- Ideal for areas that require frequent sweeping such as beauty salons or wood shops.
- Bonded with heat instead of adhesives. A "No Glue Bond" means "No Delamination."
- Attractive, long lasting, durable surface.
- Resilient foam provides anti-fatigue comfort.
- Surface is easy to clean and resists common chemicals and solvents when cleaned regularly.
- Tapered edges for safety.
- Thickness: 1/2"
- Due to their small sizes, the 18"x30" and 18"x48" mats will only have one long side tapered to the ground to allow for sufficient foot support.
- Limited 3-year warranty against wear and delamination (not guaranteed against damage from high heels, casters or stool legs).
- Available in 5 colors.

Made in the USA

Please see next page for more information and pricing...

Tru-Tread
X-Connector

Tru-Tread
with GritTuff™

Tru-Tread Rubber Drainage Floor Mat

- Thick, heavy-duty, rubber construction eases worker fatigue and increases productivity and safety.
- Drainage holes allow liquids and waste to pass through mat. Nibs elevate the mat above the floor surface to allow easy drainage of fluids away from mat.
- Great for dry, wet and greasy work environments.
- Grease-proof red nitrile rubber mat is recommended for areas using harsh industrial fluids and greases.
- Thickness: 7/8"
- 3'x10' and 3'x15' sizes are manufactured by permanently bonding multiple 3'x5' mats together.
- Straight cut edges (no bevels) let you place mats next to each other to create larger areas. For more stable connections, use the TruTread X-Connectors.
- Available in: Red (Grease-Proof), Black (Grease Resistant)
- Also available in Black (Grease Resistant) with GritTuff™ top. This is an extremely aggressive, high traction, carbide grit top surface.

Made in the USA

Please see next page for more information and pricing...

SUPREME SLIPTECH ANTI FATIGUE MAT

Supreme SlipTech Anti Fatigue Mat

- Provides unparalleled comfort compared to other composite anti-fatigue mats.
- Aggressive new 3/16" thick "rubberized" durable top surface bonded with our "No Glue Bond" technology to enhanced Ergo-Flex 1/2" PVC closed cell foam.
- Revolutionary "rubberized" surface provides improved traction.
- Rubberized top surface with large industrial pyramid design provides compression as well as displaying dual compression-deflection properties between the top surface and the ergonomic foam.
- Rubberized wear-surface outlasts other wear surfaces (less than 1% loss - per ASTM D3884; 1000 gram load; 1000 cycles).
- Wear-surface will resist most common chemicals.
- Tapered edges on mats and rolls.
- Thickness 11/16".
- 3 year limited warranty against wear and delamination.
- Available in Solid Black or Black with Yellow Safety Border (OSHA compliant).

Significant **increase** in wet and dry coefficient of friction (traction) as compared to the best wear-surfaces in the industry.

	Coeff. of Friction Dry	Coeff. of Friction Wet
Diamond Plate	0.8424	0.7262
SlipTech	0.8800	0.7839
% Better Per ASTM C-1028	8%	5%

KNEESAVER KNEELING PAD

KneeSaver Kneeling Pad (Anti Fatigue)

Our Knee Saver kneeling pad is a great solution for reducing knee pain and lower back stress. Protects knees when kneeling on hard surfaces such as asphalt, concrete, grating, gravel or wood.

These ergonomic mats have many uses in a commercial environment and will help increase worker productivity and lower Worker Compensation claims. For personal use, these kneeling mats can also be used when bathing young children, gardening or when doing handy work around the house.

- 1" thick closed-cell Nitrile blend, resilient foam.
- Material is non-conductive.
- Minimal water absorption.
- Flammability: Self-extinguishing material
- Built-in carrying handle
- Hangs up easy for storage or merchandising.
- Lightweight - easy to maneuver in and around working areas.
- Size: 14" x 21"
- Available in solid black.

Made in the USA

Please see next page for more information and pricing...

Continued from previous page...

Recommended Uses:

- Industrial environment repairs
- Construction
- Plumbing
- Gardening
- Whenever kneeling on hard surfaces

Specifications:

- Non-flammable
- Product Weight: 1.0 lb.

Usually Ships Next Business Day!

Single KneeSaver Kneeling Pad: \$16.99
