## I Love Gymnastics Mats or Cheer Mats in Pink (In-Stock)

This Tumbling Mat is ideal for young girls. It is the same high quality as our other gymnastic mats and cheer mats with the added bonus of being a cool pink color. It also has an "I Love Gymnastics" or "I Love Cheer" logo. It will put a smile on your young gymnast's face and hopefully give them that extra energy they need to practice at home or at the gym. There is velcro on the 4' ends to allow you to combine multiple mats for longer tumbling series.

Both mat sizes fold into two-foot widths for easy stacking and storage. These pink tumbling mats are covered with extra heavy duty, 18oz. double coated polyester fabric (more durable than the 14 oz. vinyl sold by competitors). The combination of heavy vinyl, high weave count polyester, and top coat fusing gives the best puncture and tear resistance, stitch strength, and abrasion resistance in a fabric covered mat.

[See more extensive selection of made-to-order folding mats!](#)

[See our pink foam practice balance beam \(in-stock\)!](#)

Specification of pink gymnastics mat:

- Thickness: 1-3/8"
- Comes in two sizes: 4'x8' or 4'x12'
- Each panel is 2' deep (4'x8' has 4 panels; 4'x12' has 6 panels)
- Core made of firm crosslink polyethylene foam.
- Velcro on each short end to join mats end-to-end.
- Includes "I Love Gymnastics" or "I Love Cheer" logo on mat.

Made in the USA

## Gymnastics Tumbling Mats (In-Stock Special)

The Folding / Tumbling Mat is designed for general physical education, cheerleading, martial arts, tumbling, wall padding and exercise activities. For use as an apparatus based mat or for light or medium floor protection. There is velcro on the ends to allow you to combine multiple mats for longer tumbling series.

Both mats fold into two-foot widths for easy stacking and storage. The mats are covered with extra heavy duty, 18 oz. double coated polyester fabric (more durable than the 14 oz. vinyl sold by competitors). The combination of heavy vinyl, high weave count polyester, and top coat fusing gives the best puncture and tear resistance, stitch strength, and abrasion resistance in a fabric covered mat.

## Gymnastics Mats (Made to Order)

Each of these custom manufactured crosslink folding gymnastics mats is made-to-order using the finest materials available. Our tumbling mats are available in a variety of types for gymnastics and cheerleading skill levels, ranging from beginner to advanced.

The crosslink (cross-linked polyethylene) foam filler used in these gymnastic mats combines superior energy absorption and resilient cushioning in a very lightweight material that stubbornly resists degradation and breakdown. The mats fold accordion style into two-foot widths for easy stacking and storage and are covered with extra heavy duty, 18oz., double coated vinyl (more durable than the 14 oz. vinyl sold by competitors). The combination of heavy vinyl and high weave count polyester gives the best puncture and tear resistance, stitch strength, and abrasion resistance in a fabric covered mat. 2" velcro fasteners are available on the two short sides for end-to-end attachment, while velcro on all four sides is available for mat extensions in any direction.

Choose from a variety of 11 colors, 5 standard sizes (custom sizes also available), and 4 styles.

[See limited styles of firm mats that are currently in-stock and ready to ship!](#)

[See our SoftPlay soft folding mats \(in-stock or made-to-order\)!](#)

- Thickness: 1-3/8" or 2".
- 2" velcro fasteners on 2 short sides or all 4 sides.
- Covers are crafted of extremely durable 18 oz. coated vinyl (polyester scrim).
- Stitched with Dacron thread.
- Comes in various sizes, styles and [colors](#)
- Core made of cross-linked polyethylene foam.
- **Allow approx. 2 weeks for production and delivery (less if in stock).**

## SoftPlay Tumbling Mat

The SoftPlay Tumbling Mats are soft yet safe and are made with 1.5" (standard) or 2" thick (deluxe) medium density foam. They are designed for general physical education, tumbling, light exercise activities and general fun play for kids.

They are covered in tough, 13 mil, mesh reinforced vinyl to provide puncture and tear resistance. Each mat comes with carrying handles and velcro on the two or four sides to allow extending the mats end-to-end or side-by-side. Folding panels allow easy stacking and storage.

Although these mats are excellent for child play, their softer density does not lend itself well to gymnastics, martial arts or other activities that require a firmer surface to prevent ankle and wrist injuries. For firmer folding mats, you can choose from our other in-stock or made-to-order folding panel mats.

(Two 4' x 6' mats shown here)

[See denser folding mats that are currently in-stock and ready to ship!](#)

[See more extensive selection of custom, made-to-order, denser folding mats!](#)

- Available in 4'x4', 4'x6', 4'x8', or 4'x10' sizes.
- Each mat has 4 panels (sections)
- Cover made of durable, 13 mil, mesh reinforced vinyl.
- Made with Polyethylene foam.
- **Velcro on 2 short sides** to join mats end-to-end. Allow 2-3 weeks for production and delivery. Available in Rainbow only (multi-color, as shown).
- **Velcro on all 4 sides** to join mats end-to-end or side-by-side. Allow 2-4 weeks for production and delivery. Available in solid Red, Blue, Green, Yellow, or Rainbow (multi-color, as shown).
- Made in the U.S.A.
- Meets California CFR-117 fire safety standards (strictest fire safety standards in the USA).
- 3-year manufacturer warranty.

Made in the USA

### SoftPlay Tumbling Mat - Velcro on 2 short sides

Has velcro on 2 short sides and is available in Rainbow color only (multi-color, as shown). Allow 2-3 weeks for production and delivery. Prices above include ground shipping within the continental USA.

### SoftPlay Tumbling Mat - Velcro on all 4 sides

Has velcro on all 4 sides and is available in solid Red, Blue, Green, Yellow, or Rainbow color (multi-color, as shown). Allow 2-4 weeks for production and delivery. Prices above include ground shipping within the continental USA.

## Stunt Mats / Pit (4", 8", & 24")

These mats are specifically designed for stunt professionals and can be used for a wide range of applications. The side panels and bottom are made of durable, solid, 18 oz. coated vinyl; the top cover is made of a "breather mesh" material. Each mat has sturdy nylon handles that are conveniently and securely attached for easy positioning and transport.. Available only in black. Please allow approx. 4-5 weeks for production and delivery.

Made in the USA

### 4" Stunt Mats

Lightweight 4" fall pads cushion comfortably, are easy to transport and position, and are built to last. Excellent for falls behind furniture.

### 8" Stunt Landing Mats

Perfect alternative when more protection is required than that provided by the 4" thick mats. Fits into places where the thicker, 24" pit mats would be too large or impractical.

### 24" Stunt Pit Mats

Our 24" pits are filled with layered and channeled polyfoam, which provides optimal air expulsion and enables easy, economical filler replacement in the event of damage to top or bottom layer.

The following items can be ordered immediately on this page. Please allow approx. 4-5 weeks for production and delivery.

Size (Non-folding)	4" thick	8" thick
4' x 6'	\$329.99	\$389.99

## Throw Mats (4")

These throw mats are intended for use as an additional landing surface for practice and/or competition. Cover consists of a mesh breather top and 18oz. coated vinyl sidewalls/bottom with 2" nylon webbing handles on side and ends. All seams are double stitched. These mats are filled with prime 55 ILD polyurethane foam selected for its energy absorption properties.

- Durable 18 oz. fabric cover.
- Thickness: 4"
- Carrying handles on short ends and one long side.
- Available in Royal Blue, Red, or Green.
- Please allow approx. 4-5 weeks for production and delivery.

## Practice Mats (8", 12", & 16")

These practice mats feature smooth, solid, durable, 18 oz. coated vinyl covering on the top and bottom surfaces, and has breather mesh sidewalls to permit controlled air venting on impact. The mats utilize layered filler, allowing for a single layer to be replaced, if necessary. Additionally, they have conveniently placed, 2" wide, heavy-duty, reinforced, webbing handles to allow for easier transport. Perfect as added training protection when performing vaults or exercising on floors, balance beams, bars or rings.

- Cover: Durable 18 oz. fabric.
- Thickness: 8", 12", or 16" thick.
- Colors: Red, Royal Blue, Light Blue, Green or Black.
- Please allow approx. 4-5 weeks for production and delivery.

## Cartwheel Mat

Cartwheels are easy to learn with our 2' x 6' cartwheel mat. Silk screened hand and foot positioning pictures make this a valuable training aid.

- Uses our best 18 oz. fabric cover.
- Firm 1-3/8" thick crosslink polyethylene foam core.
- Size: 2' x 6' x 1-3/8"
- Approximately 6 lbs.
- Available in Yellow, Orange, Red, Green, Pink and Blue.

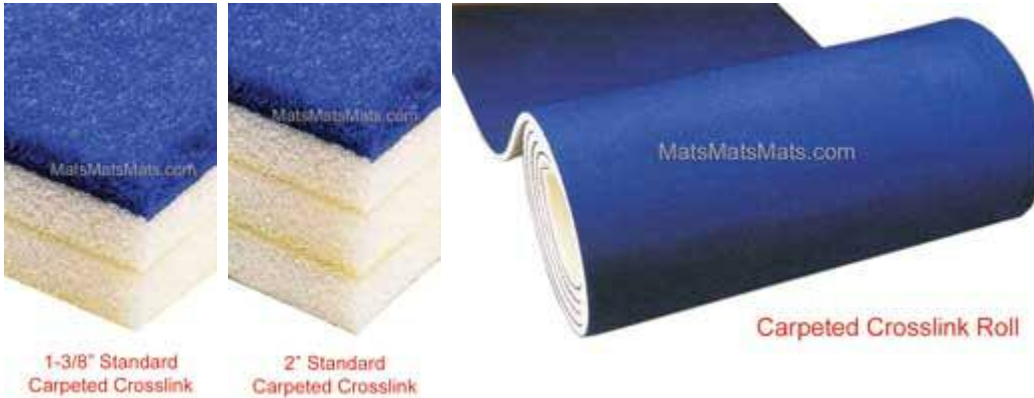

Please allow approx. 2-3 weeks for production of this product.

**\$79.95** (includes shipping within the continental United States)

## Crosslink Foam Flooring

These plain (uncarpeted) and carpeted crosslink foam rolls (also called flexi rolls) are the ideal flooring system for permanent gymnastics flooring directly on the ground or on top of spring flooring. Use for floor routines and tumbling, both for practice and for competition. Each features the same top-quality crosslinked polyethylene foam used in our folding mats.

Uncarpeted (plain) foam rolls are perfect for flooring systems that require a custom carpet top, thicker carpet top, or a non-carpet top layer.

Carpeted floors feature 26 oz. needle punch carpeting that is heat bonded (not glued) to the foam during the manufacturing process. The result is a very strong, comfortable carpeted surface that won't wrinkle, shift or buckle no matter how many times it's set down or rolled. Available in Royal Blue. Please allow approx. 2 weeks for delivery

Style & Size	Uncarpeted		Carpeted	
	1-3/8" thick	2" thick	1-3/8" thick	2" thick
Single Roll 6' x 42'	\$319.99	\$469.99	\$594.99	\$849.99
Set of 7 Rolls Total 42' x 42' (includes 2" velcro)	\$2,129.99	\$3,149.99	\$4,059.99	\$5,799.99
Set of 9 Rolls Total 54' x 42' (includes 2" velcro)	N/A	N/A	\$5,169.99	\$7,379.99

**Note:** Prices shown **DO NOT** include shipping costs. A shipping quote is required.

**Please see next page for more information and pricing...**

*Continued from previous page...*

Also available for the carpeted foam rolls are velcro fasteners used to connect carpeted bonded foam rolls together. The velcro hook connectors come in 2" or 4" width and 42' length. Available in Red, White, Blue, Green, Yellow, or Black.

In addition to connecting the rolls together, the 4" velcro is ideal for simulating a floor balance beam or to mark zones on the floor. The velcro hook fasteners will stick to carpet bonded foam and low level commercial grade carpet (office carpet).

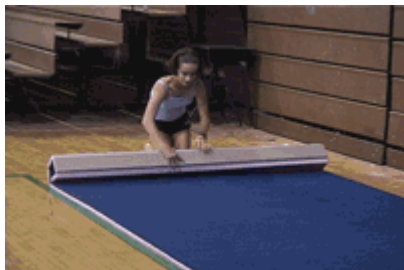

**Velcro Hook Connector**

2"x42' - **\$39.99**

4"x42' - **\$49.99**

(includes shipping within the continental United States)

## Carpeted EZ Rolls (Flexi Rolls)

The EZ-Roll uses a revolutionary manufacturing method that produces a unique mat that is easily put down or rolled up by one person in minutes by means of the unique, separated slat design. Won't curl after being rolled and therefore does not require flipping between uses. It's the perfect flooring system for temporary flooring. Use for cheerleading floor routines and tumbling, both for practice and for competition.

Carpeted cheer floors feature 26 oz. needle punch carpeting that is heat bonded (not glued) to the same high quality, crosslink polyethylene foam used in our foam floor rolls and folding cheerleading mats. The result is a very strong, comfortable, carpeted surface that won't wrinkle, shift or buckle, no matter how many times it's set down or rolled. Available in Royal Blue.

The preferred flooring by cheer/spirit squads and their coaches!

Dimension of rolled up 1-3/8" thick roll: 72"x36"x36"

Dimension of rolled up 2" thick roll: 72"x42"x42"

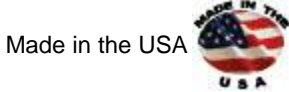

Style & Size	Thickness

Fits 6'x42'x2" Roll - **\$225**

(includes shipping within the continental United States)

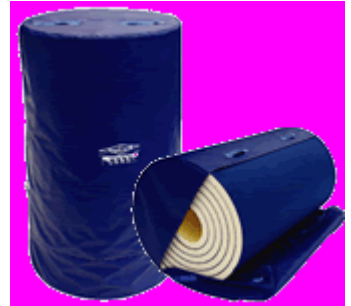

## Storage Bag for Crosslink Foam Rolls

Cheer floor and gymnastics floor storage bags. Protects your valuable foam floor rolls when not in use or being transported. Bags are made of heavy-duty 18 oz vinyl fabric with handles on all sides and sturdy zipper closure.

Two sizes available to accommodate both 1-3/8' and 2" thicknesses.  
Available in Royal Blue only.  
Please allow 3-4 weeks for production and delivery.

Made in the USA

### Crosslink Foam Roll Storage Bag

Fits 6'x42'x1-3/8" Roll - **\$195**

Fits 6'x42'x2" Roll - **\$250**

(includes shipping within the continental United States)

## Rollable Runways

Use these carpeted foam rolls to make hard floors a little easier. Ideal as a vaulting runway. Top surface is high quality, blue, cut-pile, nylon carpet bonded to a crosslinked polyethylene base. Available in 5/8" or 1-3/8" thickness. Roll away for easy storage and transport.

Size	Thickness	
	5/8"	1-3/8"
3' x 82' (1m x 25m)	\$525.00	\$630.00
<b>Note:</b> Prices shown <b>DO NOT</b> include shipping costs. A shipping quote is required.		

Please allow approx. 2 weeks for delivery

Made in the USA

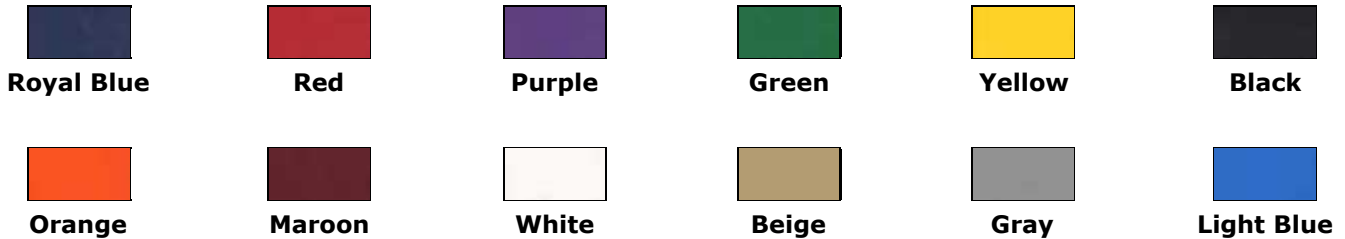

## Seamless Flooring

Our custom, permanent seamless floors are ideal as a gymnastics floor, martial arts floor, dance floor, aerobics floor, or as a general exercise floor. It is made of light weight, 1-3/8" thick, crosslink polyethylene foam that combines superior energy absorption, resilient cushioning and great footing. It also stubbornly resists degradation and breakdown.

The single-piece, seamless flooring cover is made of an extremely durable, 18 oz., coated, vinyl material that contains an internal polyester scrim for extra strength and is heat welded approximately every 5 feet. Tough but not abrasive, this material is easily cleaned, does not stain or absorb moisture (unlike canvas), and will withstand years of heavy use. Available in Royal Blue, Red, Purple, Green, Yellow, Black, Orange, Maroon, White, Beige, Gray and Light Blue.

Foam and vinyl cover are provided. Installation is not included and is your responsibility (but it is a simple process for any professional installer). See our [installation instructions](#) for more information.

Each desired floor size must be custom quoted, but here is some sample pricing:

20'x20'x1-3/8": Approx. \$1,220 plus shipping.

40'x40'x1-3/8": Approx. \$4,000 plus shipping.

Minimum size requirement: 250 square feet

Product and shipping costs will be provided in the quote. Please allow approx. 3-4 weeks for production and delivery.

## Gymnastics Equipment: Balance Beams

Low Balance Beam

Folding Practice Balance Beam

Foam Sectional Balance Beam

Infinity Floor Balance Beam

Balance Beam Legs

## Low Balance Beam (Made-to-Order)

These durable non-warping Low Balance Beams are individually crafted using topgrade materials and are among the finest practice beams on the market today. The top surface is padded with 1/4" closed cell rubber, upholstered and predrilled to accept any of the low beam legs we offer. Carpeted wood bases with non-marring rubber pads, hardware and installation instructions are included. With bases attached, beam top surface is 7" above floor.

Low Beams are 8' or 12' long and are covered with your choice of attractive, longlasting indoor/outdoor carpeting or the same synthetic suede as official competition equipment. Both sizes and styles are available with either the standard 4" wide top or a more forgiving 6" wide top for younger gymnasts and beginners.

As gymnasts become more advanced you can [add our low balance beam legs](#) to raise the beam 12" or 18" from the ground.

- Dimensions: 4" or 6" wide, 8' or 12' long, 7" high when mounted on included bases.
- Available in two coverings: Plush marine carpeting for max. value and durability or upholstered with competition-style synthetic suede.
- Top surface padded with 1/4" closed cell rubber foam and then covered with carpet or suede.
- Beam core made of high quality, non-warping wood.
- Weight limit: 150 lbs.
- 4"x8' size (carpet and suede) are currently in stock. For all other sizes, please allow approx. 3-5 weeks for production and delivery (less if in stock).

The following items can be ordered immediately on this page.		
Size	Carpet	Suede
4" x 8'	\$269	\$299

6" x 12'	\$369.00	\$419.00
<b>Note:</b> Prices shown <b>DO NOT</b> include shipping costs. A shipping quote is required.		

## Folding Practice Balance Beam

This lightweight folding balance beam provides a safe area for practicing simple activities. It is made of extremely firm, high density, crosslink polyethylene foam and is sturdy enough to practice your beam routines on the ground. It is covered with the same synthetic suede fabric used on regulation size gymnastics balance beams. This Practice Beam is lightweight and folds in half for easy handling and storage. It's 2" high x 9' length with a 4" top working surface tapers to 6" bottom for stability. Our practice balance beam is ideal for kids of all ages.

- Folds in half for easy storage.
- Balance beam rests flat on floor.
- High density, crosslink, polyethylene foam core.
- 4" wide top working surface tapers to 6" wide bottom for stability.
- Size: 2" high x 9' long.
- Covered with synthetic suede - the same as used on regulation balance beams.
- Available in standard Tan or in Pink with "I Love Gymnastics" logo on side wall

Also of interest: [Pink Gymnastics Mat \(in-stock\)](#).

Made in the USA

***Usually Ships Next Business Day!***

**Folding Practice Balance Beam - \$109.95** (includes shipping within the continental United States)

## Foam Sectional Balance Beam

Our connectible sectional balance beams are fun to use, quick to configure and easy to store. Each 4' long x 4" high practice beam is covered with the same synthetic suede as official competition equipment and filled with very solid (but very light weight) crosslink foam. 4" wide top surface tapers to a 6" wide base. Beams connect end-to-end securely with permanently attached velcro fastener. Excellent for gym or home use and sturdy enough to practice fundamental gymnastic routines. Create a beam training station that is extremely long and low, or create a series of shorter beams to maximize the useable space in your home or gym.

To order one or more folding mats to be placed on each side of the beam, go to our [Gymnastics Folding Mats section](#).

- Add as many 4' sections as desired.
- Covered with the same synthetic suede as official competition equipment.
- 4" wide top working surface tapers to 6" wide bottom for stability.
- Intended for floor use only. Cannot be raised with low beam legs.
- Size: 4" high x 4' long.
- Weight: Approx. 8 lbs.
- Shipping included within the continental USA.
- In-stock.

Made in the USA

**\$89.00** (includes shipping within the continental United States)

## INFINITY BALANCE BEAM

Now the length of a balance beam needed for training can be 4', 8', 12', 16', 20',...to "Infinity." Each 4' long Infinity Low Beam is constructed and styled like regulation balance beams and is cleverly designed to allow you to connect additional sections together easily. Keep adding 4' sections to create the length you need!

Imagine the training possibilities! Create one extremely long low beam training station or a series of shorter beams to maximize the useable space in your gym. With the 4" top working surface only 6" from the floor, the Infinity Low Beam lessens the fear of falling for the beginner or the advanced student learning an extremely difficult skill. A must for every gym, yet practical for use at home.

Note: Infinity Low Beam does not include folding mats as shown in photos. To order one or more folding mats to be placed on each side of the beam, go to our [Gymnastics Folding Mats section](#).

- 4" wide x 6" high x 4' long.
- Add as many 4' sections as desired.
- 1/2" thick, firm PVC foam on top surface.
- Aluminum core - strong but lightweight.
- Covered with synthetic suede - same as regulation balance beams.
- Intended for floor use only. Cannot be raised with low beam legs.
- Weight: 25 lbs.
- Shipping included within the continental USA.

**Usually Ships Next Business Day!**

(includes shipping within the continental United States)

18" Legs **\$134.95**  
(includes shipping within the continental United States)

## Gymnastics Equipment: Gymnastics Bars

Mini Bar & Crash Mat

Mini Bar Rings

Multi-Use Single or Parallel Bars

Floor Training Bars

## Mini-Bar and Mini-Bar Mat

### Mini Bar

Our mini bar with a solid maple wood rail is a beginning gymnast's dream. It features a rail that looks, feels and performs just like those used in competition, but slightly smaller diameter (1.5") and is just right to accommodate younger gymnasts' smaller hands. Base/frame is made of strong steel tubing with a spreader bar for added rigidity; all joints are welded. Steel surfaces are powder coated and the frame has nonmarring rubberized feet.

- Rail: 1.5" diameter - solid maple wood
- Bar height adjustable from 38" to an unequaled 58".
- Bar height is secured using a snaplock/turnpin combination.
- Flat spreader bar (parallel to the top bar) connects the two legs under the mat, adding extra stability.
- This is a great beginner's bar (up to a level 4 gymnast) to build strength and pull ups (not intended for kips or hip circles).
- The 4' width between the uprights allows 4' wide standard matting to be used under the bar.
- Product Weight: 40 lbs.
- Weight Limit (of person using bar): 80 lbs.
- Price includes ground shipping within the continental USA.
- This item cannot ship via U.S. Mail due to its large size.
- In-Stock.

Made in the USA

***Please see next page for more information and pricing...***

## Mini Bar Mat

Also available is our Mini Bar Mat, which will fit under our mini bar, but is also narrow enough to use under most other mini bars. It's covered with 18 oz. coated vinyl and filled with 4" thick 70 ILD polyfoam. The 48" space between the uprights of our mini bar also allows wide standard matting to be used under the bar.

- Size: 3'6" x 6' x 4"
- Mat folds in half to a folded size of 3'6" x 3' x 8"
- Weight: 30 lbs.
- Price includes ground shipping within the continental USA.
- Please allow approx. 2-3 weeks for production and delivery.
- Available in Royal Blue, Green, Red or First Available.

Made in the USA

Also available is our Mini Bar Ring Set.

---

## Mini-Bar Only - \$325

(includes ground shipping within the continental USA)

## Mini-Bar Mat Only - \$275

(includes ground shipping within the continental USA)

## Mini-Bar and Mini-Bar Mat Combo - \$570

(includes ground shipping within the continental USA)

## Mini Bar Rings

## Mini Bar Rings

Young gymnasts can practice their ring routine on mini bar rings designed/sized just for them. The Mini Bar Ring Set includes two 2" webbing straps, a pair of our excellent aluminum hand rings and connection hardware. Connection points are shrouded to restrict user access. Aluminum rings (which are smaller than traditional official wooden rings) comfortably fit young gymnast's hands. This mini bar ring set can be used on any mini bar.

Also available is our [Mini-Bar](#) or [Mini-Bar Mat](#).

## Mini Bar Ring Set - \$125.95

(includes ground shipping within the continental USA)

## Multi-Use Parallel Bars (Single Bar, Parallel Bar & Ballet Bar)

The Parallett Bar is ideal for both male and female athletes for use on the floor or wall. It is a 54" long bar that sits securely 4 1/2" off the floor and is a valuable training aid for gymnasts of all levels. Increase confidence, physical strength, and balance for single bar, high bar, or uneven bar workouts. Now you can practice pirouettes, press handstands and much more in the gym, studio, or in the privacy of your home. The flexible wood core reinforced bar provides the same feel and resilience of competitive equipment. Purchase two and create a parallel bar station.

Included free with each Parallett Bar are two wall mount brackets for added versatility. In seconds, the bar can be taken from the floor and positioned on the wall to provide additional benefits. The bar's weight capacity of 350 pounds allows athletes to use it for various elements of strength, flexibility and dance training.

- 54" long bar sits securely 4 1/2" off floor.
- Reinforced PVC bar "flexes" like competitive equipment.
- 350 lb. weight capacity.
- No assembly required for floor use.
- FREE wall mount brackets permit use as a pull-up or ballet bar.
- Purchase two and create a parallel bar station.
- Please allow 2-3 days for this item to ship out.

Also available is our selection of [ballet bars](#)

---

### Single Parallett Bar - \$109.95

(includes ground shipping within the continental USA)

---

### Set of Two Parallett Bars - \$209.95

(includes ground shipping within the continental USA)

## Floor Training Gymnastics Bars

Designed to teach and practice squats, handstands, pirouettes, push ups, etc. These bars are portable, make spotting easy and reduce beginner's concerns when learning handstands and stalls above the bar. Each is wood laminated fiberglass similar to competition bars with sturdy welded steel bases. Combine two identically sized bars to make a mini, low parallel bar system.

- Bar diameter: 1.5"
- Bar material: solid maple wood
- Bar length: 48"
- Frame material: Powder coated steel tubing with nonmarring, rubberized feet
- Frame Legs: 12" wide with cross stabilizing bars. 6" or 12" tall

- Made in the USA

### Floor Training Bar:

6" High Model - \$179.99

12" High Model - \$199.99

## Incline Mat (Made-to-Order)

We offer two types of incline mats: Standard Inclines and Deluxe Inclines. All inclines feature top-quality materials: extremely tough 18oz vinyl-coated polyester fabric, durable dacron thread, sturdy nylon zippers and prime foam fillers. Each is filled with a distinctly different foam filler, and all are available in both folding and non-folding styles (folding inclines have an additional use as super spotting blocks).

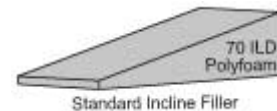

Note: Please allow approx. 3-5 weeks for production and delivery (less if in stock). If you are flexible with your color choice, please select "First Available" color which will often ship faster. All prices include ground shipping within the continental USA.

[See limited styles that are currently in-stock and ready to ship!](#)

### Standard

- Two sizes available:  
Small 24"x48"x14" or 36"x72"x16" ([Larger Sizes Available](#))
- Covered with tough 18oz vinyl.
- Filled with prime 70 ILD polyurethane foam.

## Speed Bumps (Made-to-Order)

Speed bumps are an amazingly popular, extremely durable and practical playtraining innovation. You can use them to teach basic gymnastic movements, improve balance and coordination, mark out walkways or relay courses...and for dozens of other activities.

The speed bumps are filled with very forgiving, prime, 70 ILD, polyfoam and encased with with washable, colorful 18 oz. coated vinyl for years of use.

- Available in sets of six speed bumps.
- Size: 30" x 3" x 3" (10 lbs. for all six)
- Price includes ground shipping within the continental USA.
- Please allow approx. 3-5 weeks for production and delivery (less if in stock).

Made in the USA

### **Set of six speed bumps - \$85**

(includes ground shipping within the continental USA)

## Fun Cube

Increases the fun factor and takes entertaining educational activities to a playful new plane. Fun cubes can be laid flat to create a common play pad or folded into shape and secured with a large velcro flap to produce a modular, four-sided creative center.

The fun cube panels are filled with a unique 70 ILD polyfoam/polyethylene combination and are covered with 18 oz. coated vinyl in a mixture of blue, yellow, light blue and red (as shown).

- Open Size: 96" x 24" x 3" (12 lbs.)
- Price includes ground shipping within the continental USA.
- Please allow approx. 3-5 weeks for production and delivery (less if in stock).

**Fun Cube - \$259**  
(includes ground shipping within the continental USA)

## Half Donut (Made-to-Order)

Rock'em, lay'em on their sides and form an obstacle course, or attach two of them end-to-end (using the velcro strips) to make a whole donut. No matter how you use our Round Donut Halves, you'll have a "hole" lot of fun. We supply random multiple colors (Select "First Available", generally ships faster) or choose from one of our other color combinations. Diameter measurements are based on a full circle (requiring two halves).

Available in two sizes:

- Half Donut - Small: 15" wide x 48" diameter (25 lbs.)
- Half Donut - Large: 18" wide x 56" diameter (30 lbs.)

All prices include ground shipping within the continental USA.

Please allow approx. 3-5 weeks for production and delivery (less if in stock) If you are flexible with your color choice, please select "First Available" color which will often ship faster and will generally be a random combination.

Made in the USA

**Prices per half - two required to make a complete donut.**

**Half - Small - \$339**

**Half - Large - \$439**

(includes ground shipping within the continental USA)

## Octagonal Tumblers

These octagonal tumblers are excellent for teaching tumbling skills. The octagonal panes prevent the tumbler from rolling around while performing the tumbling exercises. Filled with 70 ILD polyfoam filler.

Available in four sizes:

- 15" x 15" x 24" diameter (10 lbs.) Color: Light blue with yellow sides.
- 20" x 20" x 28" diameter (15 lbs.) Color: Red with yellow sides.
- 25" x 25" x 36" diameter (23 lbs.) Color: Green with yellow sides.
- 30" x 30" x 36" diameter (27 lbs.) Color: Royal blue with yellow sides.

Made in the USA

All prices include ground shipping within the continental USA.

Please allow approx. 3-5 weeks for production and delivery (less if in stock).

**15" x 15" x 24" diameter - Light Blue with yellow sides - \$129**

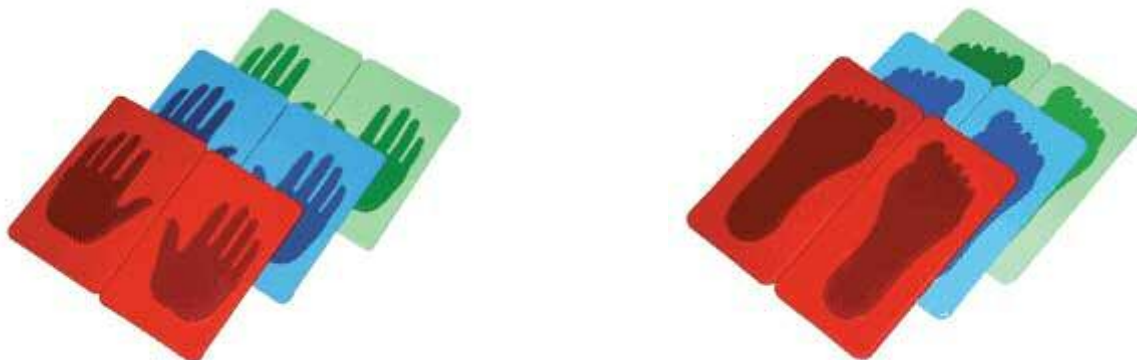

**20" x 20" x 28" diameter - Red with yellow sides- \$209**

**25" x 25" x 36" diameter - Green with yellow sides- \$299**

**30" x 30" x 36" diameter - Royal Blue with yellow sides- \$429**

(includes ground shipping within the continental USA)

## Hand and Foot Position Mats

These colorful, two-tone, rubberized vinyl hand and foot prints can be used as the basis for activities that focus concentration, encourage persistence and hone directional orientation. Commonly used as a teaching tool for gymnastics, dance, theater, or other disciplines requiring accurate foot or hand placement. The poly pads are tough, non-toxic and not painted or coated; colors are permanently set during the molding process.

Hand Prints: 6" x 9.5" - (Set of twelve - 6 right and 6 left - 7 lbs)

Foot Prints: 4.5" x 9.5" - (Set of twelve - 6 right and 6 left - 7 lbs)

All prices include ground shipping within the continental USA.

**Set of twelve hands (6 right, 6 left) - \$49**

**Set of twelve feet (6 right, 6 left) - \$49**

(includes ground shipping within the continental USA)

## Target and Arrow Pads

These colorful, two-tone, rubberized vinyl target hot spots and directional arrows can be used as the basis for activities that focus concentration, require landing markers for leaps, and hone directional orientation. Commonly used as a teaching tool for gymnastics, dance, theater, or other disciplines requiring directional or location indicators. The poly pads are tough, non-toxic and not painted or coated; colors are permanently set during the molding process. Arrows are colored yellow on one side and blue on the other side.

Set of 12 - Target Hot Spots: 10" diameter (color: yellow with red)

Set of 12 - Large Straight Arrows

Set of 12 - Large 90° Arrows

All prices include ground shipping within the continental USA.

**Set of 12 Target Hot Spots - \$49.99**

**Set of 12 Straight Arrows - \$49.99**

**Set of 12 90° Arrows - \$49.99**

(includes ground shipping within the continental USA)

## Sitting Cushions / Stepping Stones

These sitting cushion / stepping stone squares are just the thing for games or pre-school circle time activities requiring something for kids to sit on, jump over, skip around, etc. These crosslink squares are covered in brightly-colored, 18 oz. vinyl coated polyester. Supplied in random colors only. Size: 9.5" x 9.5" x 1.25".

- Set of 6 Sitting Cushions - approx. 4 lbs.

Made in the USA

**Set of 6 Sitting Cushions / Stepping Stones - \$49.99**  
(includes ground shipping within the continental USA)

## Scooters / Moving Dollies

Great as a moving dolly to move your gymnastics equipment as well as for a variety of indoor and outdoor games. These light weight, plastic scooters roll smoothly on non-marring swivel casters. Center hole for easy storage.

Size: 12" x 12"

Weight: approx. 5 lbs.

Colors: Yellow or Blue.

Can be used for transporting objects up to 50 lbs.

### **12" x 12" scooter - \$24.99**

(includes ground shipping within the continental USA)

## Traffic Cones / Safety Cones

Bright, fluorescent, orange plastic safety cones have dozens of uses from obstacle courses to relay goals. Sets of 12 orange cones. Perfect for use with kids or sports. Made of hard plastic and not intended for street and highway use.

Sets of 12 available in four sizes:

- 9" high - approx. 4 lbs per set
